STRIKE SITUATION IN CZAR'S EMPIRE

Telegraph Tie up Practically Complete in Russia.

INTERIOR COMMUNICATION STOPS

The Government Is Facing a Serious Crisis—Authorities Are at a Loss to Know What To Do—Another General Strike Likely.

St. Petersburg, Dec. 1.—2:20 p. m.—The crisis continues. The telegraph tie-up throughout Russia is practically complete and the government does not know what is happening in the interior of the empire. Emissaries of the strikers have been sent to Finland to induce their comrades to join in the strike. This would cut off cable communication which remains open for press and government messages, although the central office here is nominally closed.

Much as the government would like to resist it is powerless with the threat of a general political strike next Monday hanging over its head, and the fact that Interior Minister Durnovi will probably be sacrificed to secure the resumption of telegraph communication. At the same time the government is duly conscious that the demands for the re-instatement of the leaders of the telegraphers' union and the dismissal of M. Durnovi are mere pretexts and that its surrender will only serve to encourage the revolutionists to new efforts. These following the tactics in the case of Cronstadt mutineers are certain to take the form of a fight to save the lives of the Sebastopol mutineers for the purpose again proving the proletariat's authority with the army and navy. The Russ declares the situation is such that the government is unable to guarantee that tomorrow the guns of Cronstadt will not bombard the capital.

The Witte government seems utterly unable to find a weapon to fight the passive revolution while it hesitates, hoping that the tide will somewhat subdue and permit the realization of the reforms in an orderly way.

Meanwhile the country is threatened with a counter revolution with all the horrors of a Jacquerie (insurrection of peasants), and it becomes more and more apparent that there are only two modes of egress—the government must put the whole country under a dictatorship and martial law or proclaim a ready-made constitution.

Premier Witte refuses to consent to the former, although the court officers and imperial guard are clamoring for it. The advocates of the latter are increasing. M. Souvorin, editor of the Novoe Vremya openly announces this as the only possible hope of rallying the moderate sentiment of the country to active support of the government.

The Associated Press learns that none of the Sebastopol mutineers will be executed.

No further details are obtainable of the circumstances of the arre at Tsarskoe-Selo of soldiers belonging to the imperial guard.

Communication Is Restored.

Washington, Dec. 2.—Telegraphic communication with St. Petersburg has been restored, the state department having received a routine message this morning from Mr. Eddy, the charge.

No Mail Delivered at Warsaw.

Warsaw, Dec. 2—No letters or newspapers are being delivered here. The authorities have informed the telegraph and postal employes that they will be dismissed unless they resume work. The situation is so bad in the Lodz district that many foreign factory owners have paid off their men and closed their works and are handing over the buildings and machinery to the care of the authorities prior to leaving the country.

Finland Telegraphers Strike.

Stockholm, Dec. 2—Advices received here from Haparanda, a seaport Town of Sweden, near the Finnish border, says that the telegraphers of Finland have joined the strike of the Russian operators. The Associated Press is informed from London that the officers og the Great Northern Telegraph company in Finland are still working.

POWERS WAITING ON ENGLAND.

They expect Great Britain to Take the First Step Against Turkey.

London, Dec. 2.—While in official circles in London it is admitted that the powers do not expect the sultan to yield, as the result of the occupation of Mitylene, it was stated today that plans for the next step had not been definitely arranged, the other powers awaiting the British proposals.

The foreign office informed the Associated Press that the British government does not know exactly the extent of the coercion which the other powers are willing to employ, but it is certain that none of the powers is willing to resort to actual warfare in order to enforce the demands for the financial control of Macedonia.

This view of the situation makes it quite possible that demonstration by occupation may be postponed indefinitely. The present political situation in the United Kingdom naturally increases the reticence in official circles here, and as Great Britain is taking a lead, the movement of the demonstrating fleet may be delayed for some time pending the decision of the cabinet concerning its resignation or the dissolution of parliament.

The government has received information from Servia, through official sources, that the Macedonia committee has issued a practical untimatum that unless the demonstration of the powers shall be carried to a successful issue, the revolutionaries are prepared to announce that they intend to create a situation which will be certain to result in a war between Turkey and Bulgaria.

YOUNG LADY CAUSE OF FIGHT.

Young Man Objected to Her Going to Theater with Another Man.

Atlanta, Dec. 2.—Because he wanted to escort to the theater Miss Minnie Harris, whose mother has a boarding house at 164½ Peters street, F. W. Anderson, furniture dealer at 378 Marietta street, was shot at and cut by R. E. Love, a horse trader, last night in a room of Mrs. Harris' boarding house.

The affair is in many respects a counterpart of the tragedy which occurred last Saturday night at 135 Spring street, when Dr. O. T. Kenyon, of Dawson, Ga., shot and killed R. E. Dickerson. Dr Kenyon escorted the boarding housekeeper's daughter to the Grand and Dickerson became angry and jealous and tried to kill the doctor.

After he had fired one shot at Anderson last night, Love drew a knife and cut him across the face.

Love says that both Anderson and Duprese attacked him and that he did not fire a shot until he believed that his life was in danger, and he used his knife after he had been struck with a pair of brass knucks.

Love and DuPree were arrested and locked up at the police barracks. Anderson was taken to the Grady hospital, where his wound was dressed. He is painfully but not fatally cut.

Anderson could not make a statement last night on account of the wound in his face.

Love is held on a state charge of shooting at another and for stabbing.

$150,000 Blaze in Pittsburg.

Pittsburg, Dec. 2.—A fire which broke out in the five-story building of the Graff Stove and Range company, totally destroyed that structure and caused a loss of about $150,000. The buildings on either side, occupied by the Standard Manufacturing and Sanitary company, and Shannon Sons, wholesale dry goods, were also slightly damaged. Shannan & Sons sustained a heavy loss by water. The cold weather greatly handicapped the firemen.

Railroader Found Murdered.

Norfolk, Va., Dec. 2—Henry Gresham, an employe of the Norfolk and Southern railway, was found murdered at Meadow Point in Princess Anne county yesterday. Magistrate Atwood is conducting an inquest today and the jury returned a verdict that Gresham came to his death by a blow received on the head with a blunt instrument in the hands of some person unknown.

MANY LIVES ARE LOST IN STORM

The Number of Vessels That Were Lost Is Unknown.

PASSENGER TRAIN JUMPS TRACK

The Locomotive Followed by a Baggage Car and Day Coach Left the Track on a Sharp Curve—Remarkable that Others Were Not Killed.

Philadelphia, Dec. 2.—Two men were killed and about a dozen others injured in the wreck of the Philadelphia express on the Central railroad of New Jersey last night in Pan Haven junction about 100 miles north of Philadelphia.

The dead:

Fireman Rupert, of Mauch Chunk, Pennsylvania.

An extra engineer named Detroy, riding home on the locomotive.

The injured:

Howard A. Fuller, Philadelphia; R. A. Lindley, Philadelphia; F. E. DeLong Philadelphia; Thomas Goodwin, Philadelphia; Samuel Scnultz, a clergyman of Landsford, Pa.; M. D. Titlow, South Bethlehem; George M. Willis, East Mauch Chunk, engineer of the express train; Charles B. Brady, Landsford Pa.; F. O. Falkey, body contused.

The baggagemaster of the train sustained a fracture of two ribs.

The locomotive left the rails as it struck a sharp curve. The engine, followed by a combination baggage and smoking car, and a day coach, jumped across the northbound track and then plunged 20 feet down upon the tracks of the Lehigh Valley railroad, which parallels the Jersey Central railroad at this point. The coupling on the Pullman car, the other car on the train, broke and the Pullman ran down the track some distance.

The coaches that went over the embankment were badly wrecked, and it is considered remarkable that none of the passengers were killed.

GOVERNMENT SUES RAILROAD.

Officials of Southern Pacific Served With Notice of Suit.

San Francisco, Dec. 2.—The Southern Pacific officials have been served with notice of suit against them by the government in the United States circuit court of Portland, Ore., to collect penalties for their violation of the safety appliance act passed by congress in 1893 and subsequently amended in 1903. Similar suits have also been brought against other overland roads. The act in question requides every train to have a sufficient number of cars so equipped with power of train brakes.

Engineer on the locomotive drawing such a train cannot control its speed without requiring brakemen to use the common hand brakes for that purpose. All passenger trains are properly equipped with air brakes. The Southern Pacific has many of its cars so equipped and as a rule, will not take a car from another road coming in a through train unless it has air brakes.

The suit is, therefore, in the nature of a surprise and is probably the first action of the kind brought in the federal courts on this coast.

England's Queen 61 Years Old.

London, Dec. 2.—Queen Alexandra is 61 years old today and her birthday was celebrated with the usual heartiness throughout the kingdom including artillery salutes, the ringing of church bells and the displays of flags, etc. Congratulations from all parts poured in at Sandringham, where the queen entertained all the children of the estate at tea, personally superintending the proceedings.

Famous Chess Player Dead.

Philadelphia, Dec. 2.—Gustav Charles Reichheim, at one time considered one of the strongest players in the country and for over forty years chess editor of local newspapers, died suddenly in this city. He was secretary of the Franklin Chess Club and was a member of the Mercantile Library Chess association and New Orleans Chess club.

TELLS OF CHORUS GIRL'S DEATH

Operation Was Deemed Necessary to Save Susanna Geary's Life.

Boston, Dec. 2—Testimony that William E. Hunt had told her that when any of the patients died he cut up their bodies, was offered today by Mrs. W. Harrison Stanford, of Philadelphia, who was called by the defense in the trial of Dr. Percy D McLeod, in connection with the death of Susanna Geary, the Cambridge chorus girl.

Then Mrs. Sanford declared that Hunt, who has pleaded guilty in the present case as accessory, was known in Philadelphia as Dr. Roberts, and that he had lived in her mother's house for nearly a year. Witness identified a picture of Mrs. Mary A. Dean, who is wanted as the principal in the Geary case as that of the woman who had posed as the wife of Hunt in Philadelphia at a time when the latter was known as Dr. Richards.

Dr. McLeod, the defendant, took the stand in his own behalf. He made a sweeping denial of the charges against him. He said that on the morning of Sept. 14 he was called to the house on Winthrop street, Roxbury, occupied by a woman who he said told here later that he was Dean, to examine a young woman. He told Mrs. Dean that an immediate operation was necessary to have the girl's life. Complying with the request of Mrs. Dean he called Dr. Petee by telephone and secured his assistance. The operation was performed on the girl to save her life, he said.

AFFAIRS IN PHILIPPINES

Congress Will Devote Much Time to Needs of Islands.

Chicago, Dec. 2.—A dispatch to the Tribune from Washington says:

After the house has disposed of the railroad rate bill there will be a great deal of attention paid to affairs in the Philippines. At the last short session it was found impossible to do proper justice to the islands and much legislation which congress should have attended was neglected. There is plenty of time now for careful work and there will be no excuse for either branch of congress if all legislation is given proper consideration. The tariff on articles from the Philippines will have to be modified, as was attempted without success last year. There will also have to be some changes made in the currency system on account of the decreased value of silver, and if congress is in a mood there will be additional legislation, possibly of a paternal character, looking toward the providing of means by which the impecunious Filipino farmer may raise money enough to cultivate land and make a fair start in the world.

Election Day Quiet in Cuba.

Havana, Dec. 2—The weather is lowering today and rain has fallen frequently. Reports received at the palace and the military headquarters indicate that the election everywhere is proceeding quietly. The vote in Havana this morning was small. Only slight interest is taken in the proceedings, except by the regular politicians. Roban and one remaining member of the Alquizar insurrectionary band has appeared before the mayor of Mariano, a suburban town, and announced that he desired to be arraigned in court. He was brought to Havana in an automobile, arraigned in court and liberated on bail. It is understood that Roban would not be prosecuted.

Train Arrives Three Days Late.

Minneapolis, Minn., Dec. 2.—Train No. 108 on the St. Paul, Minneapolis and Omaha, arrived here last night three days behind schedule, having been stalled on the Dakota prairies in a blizzard with a temperature 24 degrees below zero. The train was heavily loaded with passengers, but the cars were warm and food was sent the snowbound travelers from the nearest station.

Actress to Wed a Cartoonist.

New York, Dec. 2.—Miss Frances Wilson, daughter of Francis Wilson the actor, was married to Charles Howard, a French cartoonist, at the Wilson home at New Rochelle yesterday. Mrs. Wilson gave her daughter away. Mr. Wilson was not present as he is playing at Indianapolis. He sent congratulations by wire.

TWO ARE KILLED; TWELVE INJURED

Fatal Wreck Occurs on Central Railroad in New Jersey.

WORST STORM IN MANY YEARS

Reports Continue to Come from the Great Lakes. Where the Recent Heavy Storm Occurred, and the Complete Loss of Lives Not Known.

Duluth, Minn., Dec. 2.—A message received today from Port Arthur, Ont., says that the Canadian steamer Monks Haven, of the Algomac Centdal line, is ashore at Pie Island, near Port Arthur. The crew was saved, but the vessel is a total loss.

The H. B. Nye arrived at Two Harbors last night in a badly battered condition as a result of its battle with the recent storm. The cargo is flax valued at $240,000, and is half submerged.

Three men lost their lives in the wreck of the scow George Herbert at Two Islands. When the scow went on the rocks William Hicks and Johnson saved themselves by taking desperate chances by jumping to shore. They made it safely, but the other three lacked courage and as the scow broke, shouted their last goodbye and disappeared.

Crew Is Saved by Fishermen.

Northport, Mich., Dec. 2.—The steel steamer Vega is a total wreck on Fox island at the foot of Lake Michigan. The crew of 18 men were taken off by Indiana fishermen and brought here late last night. The boat was valued at $105,000.

Steamer Arrives Safely in Port.

Cleveland, O., Dec. 2—A telegram received at the offices of the Pittsburg Steamship company today from Two Harbors, Mich., states that the steamer Watt, with the barge Thomas in tow has arrived safely at that port. These vessels had not been heard from since the big storm of Tuesday. Up to the present time ten vessels belonging to the Pittsburg steamship line have been reported ashore.

Four Lives Lost Near Boston.

Boston, Dec. 2.—The foundering of the new steel barge Delawanna and the loss of four persons on board, including Captain John B. Mussey and his wife, was reported here today by the tug Scranton, which had been towing the Delawanna from New York. The barge went down in a heavy sea last night, about 80 miles east by south off Minot's light. Those lost were Captain John B. Mussey, Mrs. Mussey, Engineer of the barge and the cook of the barge.

No Indictments by Grand Jury.

Mount Vernon, O., Dec. 2.—The Knox county grand jury reported today, failing to return any indictments against any of the members of the Delta Kappa Epsilon fraternity, or any members of the Kenyon college in connection with the death of Stuart Pierson, who met a tragic death at Gambier while being initiated. The jurors carefully examined all the testimony given at the inquest of Coroner Scarborough and they were of the same opinion as the coroner to the effect that Stuart Pierson was either tied on the tracks or in such position that he could not extricate himself, but the guilty party or parties could not be determined.

Mystery Surrounds Death of Man.

Ironton, O., Dec. 2.—Mystery surrounds the death of Thomas Rice, of Grayson, Ky., who was found dead in a Chesapeake & Ohio box car at Russell. He started west with a lot of household goods and four dogs. He was shot through the heart. He had $400 in gold in his purse when found.

Americans Celebrate in Germany.

Oberlin, Dec. 2.—Three hundred Americans celebrated Thanksgiving day at a banquet at the Kaiserhof last night. Dr. Francis G. Peabody, of Harvard university, made the principal address. A telegram of greeting was sent to President Roosevelt.

CRUSHED UNDER A FREIGHT TRAIN

Sumner Langford Instantly Killed at the Dutton Commissary.

HIS LEGS AND ONE ARM SEVERED

In Attempting to Board the Train He Made a Misstep, Falling Under the Car—His Entire Body Was Badly Mangled.

Wade, Nov. 30.—Sumner Langford, about 20 years old, got run over and was literally ground to pieces yesterday morning on the Dutton Phosphate Company's railroad, at the Dutton commissary.

The train was moving up to the woodrack, a small distance from the commissary, and in trying to board it the unfortunate young man made a misstep and fell between the cars. Both legs and one arm were severed from the body, which was also badly mangled. He died instantly. He was a nephew of Frank and Lewis Langford and well liked by all.

THE ANNUAL BAZAAR.

Woman's Guild of Holy Trinity Church on December 7th.

The annual bazaars held by the Woman's Guild of Holy Trinity Church have become such well known and popular functions it would seem unnecessary to advertise them, except that the one to be held on the afternoon and evening of December 7th at the opera house bids fair to rival any previous one in extent and thoroughness of arrangement.

Every committee represents a force of earnest workers, full of zeal for its respective department, and with the cheerful aid of friends, present and absent, an extensive and elaborate array of articles both useful and beautiful have been secured to supply the demand of a public that has learned to appreciate the efforts that the Guild has always made to please.

The refreshment booth, always a most popular department, has made extensive orders of oysters, poultry, cream, etc., and promises to cater in the most satisfactory manner possible to the most discriminating palate. Mrs. Richards is in charge here with an able corps of assistants.

Another toothsome feature is the candy and flower booth with Mrs. S. J. Thomas as presiding genius, and here an abundant supply of fresh fine candies can be found at a reasonable price.

The fancy work booth with Mrs. D. C. Warner as chairman, the stock, handkerchief and belt booth, Mrs. Colclough, baby's booth, Mrs. Morrow, and household, Mrs. Phillips, as chairmen, are all to be admirably equipped with a varied assortment of useful and beautiful articles.

The market booth under Mrs. Patton's care will be a rich storehouse of home supplies, mostly homemade, and the handiwork of expert housekeepers. Here are to be found jellies, pickles, jams, bread, pies, cakes, and which will surely find a ready sale.

A new and unique feature of this bazaar will be a palmistry booth under the skilful care of Miss L. Cook, who is an expert in this line. Here your palm may be read and your characteristics described in a thoroughly scientific manner by one who has studied and knows her art. This feature is sure to please.

Everything connected with these bazaars is conducted on a strictly business basis, and each patron may feel sure of getting as nearly his money's worth as it is in the power of the management to give him.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 157 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

THE PUBLIC SCHOOL.

University, Graded and High School Enjoying a Fine Term.

The University Graded and High School now has an enrollment of four hundred and sixty-nine, which is the highest enrollment in the history of the public school system of Gainesville.

The work being done at this term is also superior to former years, since the studies in various branches are more diversified, and a high school department has been added.

In speaking of the school Wednesday, Prof. W. N. Sheats, the principal, stated that he felt gratified at the success of the institution. There are twelve departments, and he is operating the school with a teacher for each department, although he declares that number is hardly sufficient. Each department is in a congested condition, owing to lack of room, but under the circumstances everything is moving nicely.

There is no doubt but that the University Graded and High School is one of the best public institutions of its kind in the South, and has done a great deal towards advertising this city to the outside world.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contrated severe colds which speedily developed into the worst kind of la grippe with all it miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

The Twentieth Century Club.

On Monday afternoon, Nov. 27th, the Twentieth Century Club met as the guests of Mrs. Brumley at the home of Mrs. C. A. Colclough, with the president in the chair and Mrs. J. B. Gerald as leader.

There was a good attendance, and five new members added to the roll.

After the regular order of business the literary program was opened with a paper by Mrs. N. D. Phillips, "The Russian Spy System, Nihilism and Teaching Nihilists," followed by one from Mrs. Gerald on "Siberia, the Land of the Exiles!" Both of these were most instructive and enjoyed by the club.

Mrs. L. C. Smith's reading on "Agricultural Russia" concluded the program, after which the club adjourned to meet December 11th with Mrs. W. M. Dale.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harperaville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1.00, guaranteed. Trial bottles free.

IN THE CIRCUIT COURT.

Only One Case Tried, and Verdict of Murder in Second Degree.

The circuit court convened at 2 o'clock Friday afternoon, after having adjourned for Thanksgiving Wednesday afternoon.

The only case brought before the court Friday was that of the State of Florida vs. James Henry, charged with murder of Paul Roberson at Grove Park on January 18th of the present year.

The prisoner having been previously arraigned and pleaded not guilty, the case went to trial, after empanelling and swearing in the following jury: J. L. Chesser, C. C. Fletcher, J. M. Mason, Alex Howe, J. A. McKinstry, August Wenske, A. Ahrens, O. B. Bailey, H. C. Roth, J. P. Bankright, M. F. McCook, W. D. Fagan.

The State introduced five witnesses, defense none, after which argument began. The case was opened by E. Noble Calhoun, son of State's Attorney Calhoun, who spoke for twenty minutes. This young attorney showed conclusively the ability of his father in the profession, and presented a very favorable argument to the jury on the side of the State. He was followed by Attorney Robt. E. Davis for the defense, whom it is not necessay to add made an impressive talk for his client. State's Attorney Calhoun was the next speaker for the State, and he was followed by Hon. James H. Tillman of South Carolina, who came all the way from Edgefield, as he termed "for a matter of justice" to defend a child of a slave who belonged to his father. Governor Tillman spoke only a few moments, but his remarks were eloquent and full of interest.

The jury retired at the supper hour and about 10 o'clock returned a verdict of guilty of murder in second degree, with a recommendation to the court.

The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

North Gainesville Frolic.

Through the courtesy of J. J. Freeze a number of the young people of North Gainesville enjoyed a cane grinding Tuesday evening. There were several couples, and it is needless to add that the evening was passed in a most enjoyable manner.

Mr. Freeze has been grinding cane all week, and expects to make a quantity of fine syrup, as his product is of a select quality.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c a bottle. Try them today.

The farmers of Hastings are busy preparing their ground for the coming crops, which will be larger in acreage than last year.

Since the people of Jacksonville have been up against the mad dog proposition, 67 dogs have gone to the happy hunting ground.

The people of Winter Park are squealing about hogs running at large in the streets and may carry their grievances to the Legislature.

Miss Alice Appleyard, local editor of The Lake City Index, will spend the winter in Washington, the guest of Congressman and Mrs. Frank Clark.

A large portion of the roof of the Pure Food Exposition building at Jacksonville fell in Wednesday. It will be repaired in time for the show.

The Gulf Hammock Hotel, under the management of Mrs. L. Thomas is doing a very good business. Many hunters are located at that point for the season.

A vicious bull-dog attacked a little girl at Tampa Tuesday evening, biting her hands and throat in frightful manner. Bystanders came to her rescue and saved her life.

The cigar-makers of Key West may have their strike settled in a few days, as all they wish is to get the same rate of pay that the Tampa workmen get and they will be satisfied.

The trial of Williams, the Pensacola murderer, is now in progress in Marianna. The trial is for the murder of Ed Dansby and it is expected that there will not be a long trial.

The grocery store of W. C. Syples, just outside the city limits of Jacksonville, was robbed on Tuesday night, the thieves using Mr. Syples' delivery wagon to carry off the plunder.

The Center Park prisoners of Duval county have been sent out to the turpentine and phosphate camps of Rawls & Company, who have leased the bunch of eighteen, including two women.

Dr. E. C. Edwards of Jacksonville is missing from his home and his wife is much alarmed for his safety. He left the Grand View Hotel at 6 o'clock on Monday evening and has not been seen since.

Some of the carpeners who went to Panama from this State send back word that everything is not as lovely as it might be, and advise their brethren to not be in any hurry about going there.

West Palm Beach will have at least three candidates for the Legislature next year, and Bro. Kendall of The Tropical Sun has already found a place to put the money for the "announcements."

They have "got the habit" of keeping clean in Jacksonville during the past summer and Mayor Nolan is bound to keep up the good work. It is a good thing and should be kept up by every city in Florida.

The fish shipping business at Miami is now at its height. The several companies have shipped 65,000 tons of Spanish mackerel by freight, while several thousand barrels were sent by express, all within the past twenty-four hours.

An old negro named Bird was killed by a switch engine at Grand Crossing, about six miles from Jacksonville, Tuesday. He was driving across the track when the engine struck his wagon and smashed it into kindling wood. The old man died in a few minutes.

The Live Oak Democrat of Thursday says that "one of the largest sales of cotton which has taken place in this city for some time was that of yesterday, when M. L. Burnett & Company sold to Gainesville and Savannah parties 270 bales. The cotton was of good quality and brought on an average about $70 per bale, or nearly $19,000 for the lot."

According to the ruling of Judge R. Dow McLeod, county judge, the law prohibiting the catching of mullet between the 15th of November and the 31st day of December will not interfere with the fishermen of Wakulla county who fish west of St. Marks river, as that portion of the coast was ceded by the crown of Spain to the Federal Government.

The case of Joseph Vickery, who was convicted of killing the negro Isaac Jacobs in Escambia county on March 12, 1904, upon which charge he was found guilty of manslaughter and given a long sentence, subsequently appealing to the Supreme Court, by which retrial was ordered a short time ago, was called in the criminal court at Pensacola Wednesday and postponed until January 26. There is considerable interest in this case, both in Pensacola and surrounding country.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DENHAM-BARFIELD.

Very Beautiful Home Wedding of Two Popular Young People.

The marriage of Miss Helen Denham, the accomplished daughter of Captain and Mrs. William Bailey Denham, and Dr. Frederick Green Barfield of Cuthbert, Ga., occurred at the home of the bride's parents, Savannah, Ga., at 8:30 o'clock Wednesday evening.

The event was one of beauty and simplicity in decoration and arrangement, and of wide interest, since the contracting parties have an extensive acquaintance through Florida and Georgia, the bride being a Floridian, and for several years a resident of Gainesville, where she grew to womanhood.

The home was artistically decorated by palms and yellow and white chrysanthemums, no other flowers being used except in the dining-room, where the bride's table was placed and adorned with bride's roses, smilax and tulle.

As the bride descended the stairway with her father, Mendelssohn's "Wedding March" was softly played. Preceding the bride walked her maid of honor, her sister, Miss Bessie Denham. The ribbons were held by Miss Eva Haile of Gainesville and Miss Lina Shields of Richmond, both gowned in white. Mr. John Pasco acted as Dr Barfield's best man. The marriage service was performed by Bishop Weed of Florida, assisted by the Rev. Francis Alan Brown, the bride being given away by her father.

The bride's gown was of white satin with real lace, made on simple and beautiful lines. The draped bodice had a yoke of chiffon, edged with pearls, below which the lace was laid revers, extending in bretelles over the pretty elbow sleeves. She wore a wreath of orange blossoms in her tulle veil, and carried an old-fashioned boquet of lilies-of-the-valley.

An informal reception followed the ceremony, Dr. and Mrs. Barfield receiving congratulations before leaving on their wedding trip.

Dr. and Mrs. Barfield left the same evening for Florida, and expect to spend their honeymoon in this State.

No member of the younger society set in Savannah has been more cordially liked and admired than Miss Denham, and the happy couple were the recipients of hundreds of congratulations.

Dr. and Mrs Barfield will reside in Cuthbert, Ga., where the former enjoys a lucrative practice.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1st, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and $1. Sold by W. M. Johnson.

WEST VIRGINIANS ARRIVE.

Party of Nine Came Tuesday and Are Now Pleasantly Located.

From Friday's Daily Sun.

A party of West Virginians comprising Orval Watson, Mrs. Ella Watson, Miss Ecola Watson, Harold Watson, John J. Cleaver, Mrs. Grace Cleaver and S. Ray Dill, all of Terre Alta and vicinity, have arrived in the city, and are pleasantly located at 512 West Main street N.

This party is here prospecting with a view of locating. There is already a large colony of West Virginians here, many of whom have purchased property and engaged in farming or business of some kind, and are well pleased.

A party of twenty-eight from the Terre Alta section left that place Tuesday night, and are expected here today. They are also homeseekers, and many of them may locate here permanently.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

SORES-ULCERS THE BLOOD DISEASED -SYSTEM DISORDERED

When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matters becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they are in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as nature intended. Then the discharge ceases, the sore scabs over, new flesh is formed, and the place heals permanently. Book on Sores and Ulcers and any medical advice you need without charge

I have not words strong enough to praise your great medicine. I had a sore on my left temple for years. It would itch, burn and bleed, and I could not get it to heal. After taking S. S. S. awhile it began to discharge, and when the poisonous matter was out it healed, this was about ten years ago and I have never seen any sign of it since.

It looks as though Russia was pretty near its Witte's end.

By increasing her navy Germany is of the opinion she will create more of an impression in the coming peace conference.

At the cotton growers' meeting held in Lake City on Tuesday there was a very enthusiastic crowd present and 69 names were subscribed to the list of members.

The stock farms of Florida may not be so numerous, but we have as fine cattle and hogs as any State in the Union. Stock is the strong point in our farming industries. Let every farmer bear this in mind.

An Irishman who was congratulating himself on the advancement the Church of Rome was making in this country, remarked as he received the Australian ballot to cast his vote: "Bedad, every voter must now make the sign of the cross."

A Philadelphia tramp who crept into a house where he found a cask of wine and kept drunk for four days, was arrested and sent up for twenty days. He said it was worth more and expressed the opinion that the judge did not appreciate the quality of the wine.

The Times-Union says that the removal of the University of Florida from Lake City to Gainesville will involve a long and bitter fight and it looks very much that way.—Ocala Banner.

And The Times-Union is in a position to know something about the University matter.

We have been repeatedly told that no "blind tigers" exist where there are licensed saloons. The Press, published in Fort Myers where there are saloons, reports the conviction there in the last circuit court of three blind tigers. No comment needed.—Punta Gorda Herald.

The people of Pensacola have again resumed business at the old stand, after a desperate struggle with Yellow Jack and a few days ago a British vessel left that port with a cargo of 10,000 bales of cotton for Bremen. The cargo was valued at $600,000 and that port will now again resume her active export business. There is no use trying to impede the progress of a pushing business community and the yellow peril has only retarded the rush for a time, which will now be resumed with renewed vigor. We most heartily wish the city on the gulf abundant prosperity.

From all over the State we note that the high schools are increasing in attendance, and under the Buckman law it is but natural they should. By the abolishing of the numerous preparatory schools in the State and raising the standard of the high schools in nearly every city and village, the course of study being sufficient to prepare students for the State University, there has been more of an interest manifested and young ladies and young men could remain at home schools without the extra expense of going away and paying for their board. Yet there are some who claim the Buckman law is injurious to the education of the mass of our young people.

INDUSTRIAL EXPOSITION.

The Manufacturers' Pure Food and Industrial Exposition, which will be held at Jacksonville from January 4th to 18th inclusive, will be the largest exposition ever held in Florida.

The mammoth building is being erected on the old St. James lot, across the street from the Windsor Hotel, and will be when completed a magnificent structure and the largest building of its kind in the State.

Over 7,000 incandescent lights, besides between 250 and 300 arc lights, will be used to light the building, both inside and out. The entrance will be made of massive pillars on the colonial style with the stucco effect and hundreds of colored incandescent lights will be used, and the entire electrical effect will be the grandest display ever seen in our State.

The building will contain 317 windows and four entrances, besides numerous exits, and every precaution is being taken by the management to take care of the thousands of visitors who will visit the Exposition. A large corps of special policemen, firemen and watchmen will be employed.

The automobile exhibits will be the largest and best ever seen in the South. Racing machines, tally-hos, delivery wagons, touring cars, besides a handsome line of imported automobile supplies will be seen.

Runkle Brothers of New York will give away 25 pounds of chocolate candy daily. The Borden Condensed Milk Company will make their famous milk in their booth. The Welch Grape Juice Company will give away their world-famous drink, grape juice. The Cable Piano Company will give a continuous performance at their large booth. A miniature house erected by the Florida Pressed Brick Company of all their fancy brick. All the breakfast foods and new food stuffs will be exhibited. The Machinery Hall will be especially interesting. The Maleby Company of Atlanta have secured an enormous space and will have a sawmill in full operation. And last, but not least, will be the grand band and the wonderful hippodrome attractions. The best carnival attractions will be secured and the shows will be only of the very best class.

You can't afford to miss the Exposition, as it will not only be very instructive, but it will also have all the fun and merry-making features that will help to make your visit both profitable and pleasant. Remember the dates, January 4th to 18th, inclusive.

ALACHUA FINE STOCK.

The people of Alachua county are very fortunate in having such an enterprise as Spring Park Stock Farm, and in charge of N. A. Callison it has done much to advance the stock interests of the county as well as this section of the State. Besides the fine display of Hereford and Jersey cattle shown at the State Fair, this farm has also succeeded in capturing several prizes in its exhibit of Berkshire hogs and the young hogs shown captured first prize, which is a very clever showing.

With prize cattle and hogs there is no doubt of the fact that Alachua still stands at the head as a meat producing county, and in other lines that pertain to the farm we are in the forefront. And it must be understood that this stock is not only the best in Florida, which is not yet so old in the raising of fine stock; but there is no doubt but it would hold a front rank with any stock-producing section of the United States.

Spring Park Farm has the breeds that are most desired and the fact that it has produced prize-winning individuals is very gratifying to the owners of this well-managed farm and also to the farmers who desire to improve their stock from acclimated sires that stand at the head of their class. Good blood is always to be desired, but prize-winning individuals are worth ten times the value of high-grade scrubs, which are not desirable at any price.

Alachua county will surely remain at the front in the line of fine stock—thanks to the Spring Park Stock Farm.

ACCEPT OUR THANKS.

The people of this county should be under everlasting obligations to the good Tampa Tribune for letting us down so easy on our position at the State Fair. We shall always feel grateful, and will know what to do at the next contest. The Tribune says:

"Alachua, fifth in general exhibit—first in cotton, second in agriculture and live stock, and near to the top in other lines, takes the fifth prize easily, and, in such a competition, where every product of the soil was entered in the endeavor of high honors, the rich county which is to be the main seat of learning of Florida, has no reason to hang its head in shame. Major Tench made a showing that could not have been excelled with the resources placed at his disposal, and he has done much for the future progress and prosperity of the people he represented. Alachua will derive benefits from its participation in the fair greater than any that goes with the winning of ribbons and purses."

But the people of Alachua can rest assured of the fact that they have the best cotton in the State, as good stock as can be shown anywhere in the South, and when a complete show of our resources in all branches is made, we will be right at the head.

WHY MARION COUNTY WON.

The award of first premium at the State Fair to Marion county, in the competition of collective exhibits, says The Tampa Daily Times, is due to several causes, very prominent among them being the industrial and commercial character of its very systematic display. From the mere point of size and beauty its exhibit in the main building was inferior to several others. But it appealed successfully to the business instincts of the visitors and judges alike. It is the first county among those making a show to undertake a systematic development of its agricultural resources along those lines which are recognized the country over as most promotive and productive of wealth—farm products and live stock.

This is in strict accord with the gospel which The Times has been for years preaching to the people of this State. We have here the foundation for the most prosperous commonwealth in the Union, the climate, soil, productions and everything that is essential to the raising and sale of those farm articles which have the widest and most prominent market. Marion county has affirmed and proved this proposition, and has shown that there are people of intelligence engaged in such production with the most gratifying degree of success.

Florida has hitherto been relying too much upon her attractions rather than her resources, and right here is a difference and distinction which this paper wishes every reader to ponder. People do not and cannot live upon attractions. But upon resources they not only live, but they accumulate surplus wealth and power, and are then able to add as non-remunerative features of their lives such attractions as taste and means dictate. Attractions may not only be displayed, but resources can be exploited to their full exhaustless extent, with such practical results as enrich the people engaged. Our attractions do draw to us many people already fixed. Our resources draw to us the larger number who wish to fix themselves. It need not be stated that the process of fixing is wealth-creating, dispensing benefits to everybody. The enjoyment of attractions merely distributes in much smaller proportion and to much less advantage a wealth that has already been accumulated.

Let the whole State emulate the example of Marion county. Let it be remembered that in the possession of these resources Marion county is not one whit ahead of the balance of us—only in the development and presentation of what may be made out of them. Hereafter the horse and cow and hog and sheep and hen will take precedence in public esteem of the beautiful fruits and flowers of our region. Corn, potatoes, peas, cassava, grass, cabbages, onions—and in short the full list of things to be eaten by people and fed to stock, will take rank in front of the sweeter and more beautiful, but less substantial products of our climate and soil.

Without depreciating in the least the wonderful merits of our fruit trees and vines, it is worth while for us all to take note that a new era has opened for Florida. The pathway to wealth and power has its initial point with us. Let us tread it with sense and resolution and industry, sure to arrive at the goal.

A young lady of Savannah, Ga., was attacked by a negro who tried to steal her purse. She was well up in the art of self-defense and landed on his nose with her right. The black fellow only wanted one blow.

SPRING PARK STOCK RETURNED TO HOME

Made a Big Hit at State Fair Which Has Just Closed.

STOCK TOOK FORTY-ONE PRIZES

The Exhibit Was Admired and Appreciated by All Who Saw It—Well Groomed and Well Fed, Carried Away More Prizes Than All Others.

The cattle and live stock exhibit of the Spring Park Stock Farm Company arrived from the State Fair Saturday morning without mishap, and, considering the journey, presented a most favorable appearance. They were clean and well groomed, and looked almost as well as before subjected to fifteen days' confinement in narrow stalls.

Manager Callison of the farm arrived over the Seaboard, and shortly afterwards the consignment of stock reached Gainesville via the Atlantic Coast Line. The stock was unloaded in the lower yards and transferred immediately to the farm, a few miles west of the city.

In speaking of the awarding of premiums for live stock, Manager Callison stated that he felt perfectly satisfied with the decisions of the judge, W. S. Robbins, of Horace, Ind. "Mr. Robbins proved himself to be a thorough judge of stock, competent, fair and impartial," he said, "and nobody should have cause for complaint."

The exhibit of Spring Park Farm was admired and appreciated by all who saw it. The exhibit comprised Hereford and Jersey cattle, Berkshire hogs, Angora goats, Scotch Collie dogs and poultry, and forty-one premiums were awarded as follows: Thirty-four on cattle, four on hogs, one on geese, one on dogs, and one on Angoras.

Manager Callison had his pockets full of premiums Saturday, and his friends were congratulating him upon his success.

MR. TENCH IS AGENT.

Appointment to This Responsible Position Was Confirmed Saturday.

J. Harry Tench, for the past twelve years connected with the freight department of the Atlantic Coast Line in this city, has been appointed agent of that department, effective from Saturday, the 2nd inst., vice J. N. Strobhar, who held the position for several years up to a few weeks ago.

Mr. Tench is a young man fully capable of discharging the duties of the office, and his friends are extending congratulations. He was "checked in" by Traveling Auditor McDonald Saturday morning.

J. G. Torrey, who has been acting agent since the departure of Mr. Strobhar, will resume his position as chief clerk in the office of Division Superintendent Ford, while Chas. W. Parham, who has held the position of chief clerk to Mr. Ford, will be returned to the train dispatcher's office.

IN CIRCUIT COURT.

Only Two Cases Were Brought Before That Tribunal Saturday.

The session of the circuit court Saturday was a short one, only two cases being brought for trial. The first was a case of the State vs. Porter Washington upon a charge of assault with intent to murder. The defendant was arraigned and pleaded not guilty, whereupon a jury was empaneled and sworn, evidence submitted and a verdict returned of not guilty. Attorney B. A. Thrasher represented the defendant.

The case of the State vs. Tom Johnson, charged with assault with intent to murder, was nol prossed and defendant discharged and bondsmen released. Attorney Evans Haile represented Johnson in this case.

THE NEWS FROM WADE.

Interesting Budget of Interest from That Thriving Burg.

Wade, December 2.—R. S. Blanton has shipped to Kibler Bros., Dunnellon, sixteen barrels of syrup at a good price and expects to ship pork to the same place in a few days.

Arrived at the home of Mr. and Mrs. J. M. Anderson, a baby girl on Thanksgiving Day.

S. L. Blanton passed through on his way home from Archer, where he was summoned on account of the critical illness of his sister, Mrs. Beach. She expired a little while after Mr. Blanton arrived there and was buried Tuesday morning.

Mrs. J. H. English of Greenville is spending the week with her sister, Mrs. Reinhardt, and her parents, Mr. and Mrs. S. P. Lewis.

Capt. C. A. Neel has a force of hands at work prospecting a piece of land near Newberry and expects to erect a plant on same at once if suitable.

W. G. Videon has been prospecting around here since last July and has succeeded in locating several deposits of phosphate. The Cummer Land Company is grading several miles of road now running to their prospective mines about two miles from here.

Fred Reinhardt, the "Everything" at Wade, from a notary public up to a country merchant, has planted a half acre of Bermuda onion sets, which are looking fine, and expects them to yield him a good profit this winter.

Sam Brown, the genial exterminator of the West End, was in town Saturday.

F. M. Wilson has bought Mrs. Sallie Easterlin's place and expects to move on same soon as his present crop is gathered.

All the cotton crop in this section is gathered and the farmers are busily occupied in killing hogs and grinding cane.

Mrs. J. B. McDonald was visiting her parents, Mr. and Mrs. W. R. Richards, last week.

Dr. Bishop of Alachua passed through Wade Monday evening to give a negro medical attention. The negro in a fight with another negro was cut with a knife very badly at Thomas' crosstie camp near Hines on the S. A. L. Railway.

FLORIDA ANNUAL CONFERENCE

Will Convene in Ocala, Beginning Thursday—Delegates from Here.

The Annual Conference of the Methodist Episcopal Church, South, will meet in Ocala next Thursday morning at 9 o'clock and continue in session about five days. Bishop Warren A. Candler of Georgia will preside.

The conference is composed of about 150 ministers and laymen and transacts a great deal of business.

Mr. H. L. Phifer is a delegate to the conference and on Wednesday he and Rev. T. J. Nixon of Kavanaugh Church will leave for Ocala.

Notice.

Executive Office, State Board of Health of Florida—Jacksonville, Florida, December 1st, 1905.

A competitive examination to fill vacancies existing in the position of Assistant to the State Health Officer will be held at the office of the State Board of Health, Jacksonville, Florida, December 20th, 1905. Applicants for examination must be bona-fide citizens of the State of Florida, graduates of a high school, and of a medical college recognized by the American Medical Association. Applicants for examination must also be members of a County Medical Society of the State of Florida. Examination will be conducted both orally and by written questions and answers, and successful candidates must attain an average of 85 per cent of the questions asked.

The salary of the position is $1,600 per year, payable monthly, with an increase of 10 per cent after five years' service.

JOSEPH Y. PORTER,
State Health Officer.

Many Hunters Are Killed.

Chicago, Dec. 2.—A dispatch to the Tribune from Wilwaukee, Wis., says that when the hunting season in Wisconsin and upper Michigan closed last night all records for casualties among hunters had been broken. There are 26 dead and 55 wounded, some of whom may not recover. The usual number of the wounded and killed were mistaken for deer.

INDUSTRIAL EDITION.

The Gainesville Sun has issued an industrial edition which reflects great credit on that paper, and is an index of the character and enterprise of the residents of Gainesville. The edition of The Sun has thirty-two pages with an ornamental cover, and the whole paper is profusely and finely illustrated, and its subject-matter will be of great benefit to those who wish to know all about Gainesville and prosperous Alachua county.—The Miami Evening Record.

The Industrial Edition of The Gainesville Sun, recording the growth, progress and development of Alachua county, is out. The edition is all that could be desired. It is in magazine form, covers thirty pages, and is replete with descriptive writing of the soil, productions, natural advantages and commercial developments of the county. Many illustrations set off the edition and aid materially in making it a production of which Editor McCreary and associates can and should well feel proud.—Daily Miami Metropolis.

The Gainesville Industrial Edition is a beauty. Soon as you see the outside you want to see the inside. And you are not disappointed. Pretty pictures of prominent places and beautiful homes in Gainesville and Alachua county greet you as you turn page after page of fine half-tones and beautiful letter-press work. We haven't had the time yet to read about all the good things in Alachua county, but we know the story is well told, for The Sun is always painstaking and correct. The edition is a feather in the cap of The Sun and a credit to the whole State, and is bound to wield an influence for good not only to Gainesville and Alachua county but to our entire commonwealth. — Tallahassee Daily Capital.

The Gainesville Sun has just issued an industrial edition that is an exceptionally handsome publication. It is a credit to Harry McCreary and a credit to Gainesville and ought to result in great good to both.—Pensacola Journal.

The special Industrial Edition of The Gainesville Sun was a hummer and should be the means of accomplishing much good in the way of inducing settlers to locate in Alachua county.—West Palm Beach Sun.

The Industrial Edition recently issued by The Gainesville Sun is unusually attractive. It contains pictures of many handsome residences of its prominent citizens and its manufacturing industries. It also shows pictures of its proposed university buildings, also descriptive articles of the varied resources of its county and the progress and thrift of its people. The publication is in every way a creditable one and Mr. McCreary, its editor, is to be congratulated upon its success.—Ocala Banner.

We have received a copy of the Industrial Edition of The Gainesville Sun. It is beautifully illustrated and well written and reflects credit upon the publishers, the town and the purpose for which it was issued.—Jasper Banner.

The special edition of The Gainesville Sun came fully up to expectations—it might be said that Brother McCreary surpassed even what his friends thought it would be. It is gotten up in tabloid form and from "kiver to kiver" is a model of the typographical art. The articles are all well written; the illustrations are good and clear and with a proper distribution will do a world of good for Alachua county and Gainesville. We congratulate The Sun and Harry McCreary on this stroke of enterprise.—Lake City Index.

PEOPLE SATISFIED.

There is an effort being made to declare the Buckman bill unconstitutional, but we hope it will not carry. We suppose Lake City is not satisfied with the decision of the Board of Control in placing the State University at Gainesville, but the majority of the people of the State are satisfied and it is time they should be.—Eustis Lake Region.

A Certain Cure for Croup.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

VICTIM OF RIFLE BALL.

Young Colored Boy Accidentally Shot While Hunting Thanksgiving.

So far as has been learned there only occurred one accident from the result of Thanksgiving hunters, the victim in this instance being Mance Clark, an industrious colored lad, fifteen years of age, who was accidently shot by a companion while hunting a short distance from the city. The boys had gone out for an afternoon's sport. They carried small rifles, 22 bore, and just after reaching the outskirts of the city the rifle in the hands of his companion was accidentally discharged, the ball striking young Clark in the right side.

Frightened almost into convulsions the companion rushed to the city to spread the news and assistance responded. He was brought to his home, 801 N. Garden street, when a physician was summoned. It was discovered that the wound was not of a serious nature, though the ball had not been extracted, and last night the victim was resting easily.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M. Johnson.

Do Not Neglect a Cold.

Every cold weakens the Lungs, lowers the Vitality and makes the system less able to withstand each succeeding cold, thus paving the way for more serious diseases.

BONIC PLAGUE IS RAGING IN YOKOHAMA

ssels Sailing Will Not Get a Clean Bill of Health.

VALIANTLY FIGHTING SCOURGE

Japanese Physicians, Who Are Among the finest in the World Are Doing All in Their Power to Stamp Out This Dreaded Disease.

Seattle, Wash., Dec. 1.—Bubonic plague is raging in Yokohama, according to officers of the seamship Dakota and possibly no more vessels will be given a clean bill of health until the scourage is wiped out. Four deaths had resulted from this disease before the steamer Dakota sailed, and many reports of sickness were received.

William M. Lopp, surgeon on the steamer, stated that few, if any, more vessels will be allowed to leave Yokohama.

"The Japanese authorities are taking ever precaution to prevent the spread of the dread disease," said Dr. Lopp, "but in spite of all they can do, many deaths will result. There is little doubt but that the city will be quarantined. In fact, it is the only way to stamp it out. The Japanese physicians are among the finest in the world. They go into everything thoroughly and take elaborate precautions to prevent the contagion from spreading."

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eleminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

EARNEST WORKERS' BAZAAR.

One of Season's Most Delightful Functions—Big Crowd Was There.

The Earnest Workers' Society of the First Presbyterian Church gave a bazaar and supper in the opera house Friday afternoon and evening, beginning at 5 o'clock.

The function was well attended and liberally patronized in every department by the good people of Gainesville, since it had been announced that the proceeds would be used on the final payment of the debt overhanging the manse. The opera house was appropriately and tastefully decorated for the occasion, the decorations being admired by all who saw them.

There was plenty of good things to eat, as well as a fine assortment of useful and fancy articles, which found ready sale, with the result that quite a neat sum was realized, which the society appreciates.

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take. Refuse substitutes. J. W. McCollum & Company.

King's Daughter Is Hissed.

London, Dec. 1.—Egged on by the social democrats, the unemployed mustered in strong force around the church army tents off the Strand and jerred and hooted the Princess Royal, the Princess Louise, duchess of Fife, eldest daughter of King Edward, who performed the ceremony opening the tents which were presented by the king and endowed with $5,000 from Queen Alexandra's fund to house and feed great numbers of the unemployed who are to chop firewood for this relief shouts of "Religious Sweaters" and "Curse their Charity" greeted the princess, and the crowds became so boisterous that a large number of police had to be summoned to disperse them.

In Mad Chase.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they could only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would all pass away. Prompt relief and quick cure for liver and stomach trouble. 25c at all druggists; guaranteed.

An Emergency Medicine.

For sprains, bruises, burns, scalds and similar injuries there is nothing so good as Chamberlain's Pain Balm. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. Sold by all druggists.

ACCIDENT IN NEWBERRY.

Dr. E. B. Howell Thrown From Buggy. Receiving Painful Injury.

A pair of horses driven by Dr. E. B. Howell of Newberry began kicking and running as he started out of town to see a patient Wednesday and in attempting to jump from the buggy the Doctor sustained some painful injuries, spraining both wrists. He was also run over by one wheel of the vehicle, and altogether was considerably shaken up, but fortunately the injuries are not considered dangerous, and the victim will be all right in a few days.

Return of Confederate Flags.

Chicago, Dec. 1.—An old confederate battle flag captured in action by the Eighth Illinois cavalry regiment from the Thirteenth Virginia cavalry regiment, was returned to the state of Virginia last night at a meeting at the Great Northern hotel. Colonel D. J. Hines, of the Eighth Illinois veterans made the presentation, and Harry Lee late sergeant of the Thirty-fourth Mississippi confederate infantry regiment received the emblef in the name of Governor A. J. Montague, of Virginia. The flag was captured at Pollesville Md., Sept. 7, 1862, and has been in the possession of the captors since then.

Husband Horsewhipped Wife.

Van Wert, O., Dec. 1.—Richard Angevine, Jr., yard foreman of the Cincinnati Northern, and his wife, separated a few weeks ago. Angeville drove to the house where his wife is staying and, it is alleged, endeavored to kidnap his three-year-old son. The mother says she caught him in the attempt, and alleges that he and a male companion in a buggy used a horsewhip upon her. Later she swore out a warrant for his arrest for assault and battery. When he was taken into custody she regained possession of the son.

Cured Paralysis.

W. F. Baily, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her alright. I have also used it for old sores, frostbites and skin eruptions. It does the work." Sold by W. M. Johnson.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

Dr. W. H. Sibley is frequently called to Waldo on professional business.

Dr. J. F. Ruff of Newberry was among the visitors to this city yesterday.

Chas. M. Dell of Hague was among those who paid Gainesville a visit yesterday.

Mr. and Mrs. Thomas Hodgson of Williston are in the city, guests of relatives.

J. F. Swindell, a prominent citizen of Campville, was trading in the city yesterday.

Miss Hattie Heeth of Wacahoota spent Wednesday in this city as a guest of friends.

When you want a pleasant laxative take Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

T. H. Cato and M. Forman, two well known citizens of Alachua, were among the business visitors to this city yesterday.

Prof. M. H. DeLand of Alachua, a valued employe of the bank of that town, spent Thanksgiving with his parents in this city.

Friends of Col. E. C. F. Sanchez are glad to see him out again, after an indisposition which has confined him to his room for some time.

Mr. and Mrs. F. M. Prewitt were presented with a Thanksgiving token in the person of a fine boy, which arrived yesterday morning. Friends extend congratulations.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

J. J. Haymans, the naval stores operator of Lochloosa, was looking after his real estate interests in this city yesterday. Mr. Haymans has recently made some valuable purchases in that direction here.

Mr. and Mrs. J. M. Spivey have returned from Mikesville and Fort White, where they have been visiting relatives for the past few days. Mr. Spivey reports crops good and the farmers contented in that section.

The Gainesville Furniture Company has a change of advertisement in this issue to which the attention of our readers is called. This firm is offering extra values in furniture and house furnishings, of which they carry a full line.

Notice to the Public—I have established at Raleigh, Fla., a new and up-to-date grist or corn mill entirely separate and apart from my sawmill, and will grind corn on Saturday of each week, and respectfully solicit the patronage of the public. T. J. Cone.

Yesterday being holiday, the afternoon presented the appearance of Sunday on the streets. The stores and many factories were closed, the employes being given a half-day's recreation. The woods were full of hunters, but as a rule the game was safe, as many of them were amateurs.

Joseph Culber and Patsy Shakespeare, colored, were married Wednesday evening at the home of the bride's parents, Edmund Shakespeare and wife, South Gainesville, Rev. H. M. Fleming of Mt. Moriah Baptist Church officiating. The contracting parties are deserving colored people and their friends extend congratulations.

W. G. Richardson has returned from Tacoma, Micanopy and other points. He had the pleasure of attending at Micanopy Monday evening an oyster supper given by Micanopy Lodge, Knights of Pythias, which proved a most enjoyable affair. There was a good crowd present and an interesting program was arranged for the occasion.

For the first time in its history Gainesville now boasts of a female dentist in the person of Dr. Mace Bean, a graduate of the Northwestern University of Chicago, who is assisting Dr. Alderman. This has been common in the larger cities, but a departure in the profession of which the people of this city have not been accustomed. Dr. Bean comes highly recommended, and will no doubt make herself popular in the profession here.

From Saturday's Daily Sun.

Miss Leila Cato, one of Alachua's popular young ladies, was shopping in the city yesterday.

W. J. Hodge, the marketman of Alachua, was a business visitor to Gainesville yesterday.

Deputy Sheriff J. Lee Stokes of Micanopy was among the visitors to the county capital yesterday.

Little Miss Jessie Chesnut has gone to Alachua, where she is visiting her cousin, Miss Catherine Haile.

Mrs. C. M. Frink of High Springs was in the city yesterday. She was en route home from Palatka, where she has been on a pleasant visit to her mother, Mrs. T. J. Longman.

P. G. Ramsey of Wacahoota and A. B. Edgel of Alachua were among those who came to Gainesville on business yesterday. Mr. Ramsey states that beans and peas are moving from his immediate section, but so far no lettuce has been shipped this season.

Mr. and Mrs. L. J. Knight, formerly of this city but now residing in Ocala, are rejoicing over a Thanksgiving gift in the form of a bouncing baby boy. Friends in this section will extend congratulations, and, in the words of old Rip Van Winkle, "May he live long and prosper."

Prof. W. N. Sheats, principal of the University Graded and High School, has returned from a visit to Tampa and the State Fair. He is well pleased with what he saw of the big fair, especially the educational exhibit, which naturally interested him more than anything else.

Mrs. J. N. Strobhar and her accomplished daughter, Miss Mary, have arrived in the city, the former from Montreal, the latter from Birmingham, Ala., where she has been for the past few weeks on a visit to relatives. Their numerous friends here are delighted to welcome them again.

John L. Chesser has returned from Otter Creek, where he has been for the past few days looking after his fish interests. Mr. Chesser operates a fishery in Gulf Hammock, five miles distant from Otter Creek, and employs a large force of workmen. He reports fish plentiful at this season, and adds that wild game, from quail to deer and bear, abound plentifully in the hammocks.

Nobie Strobhar, who had the misfortune to lose a foot while in the employ of the Atlantic Coast Line at High Springs a few weeks ago, has arrived in the city from Waycross, where he has been in the railroad hospital. While this young man's friends deeply regret his misfortune, they are congratulating him that it was no worse, as he came near losing his life under the wheels of a locomotive.

READ THIS.

Mobile, Ala., Feb. 16, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: During the past year we have sold over twenty-four dozen "Hall's Great Discovery" for kidney and bladder troubles and during that time have received no complaint.

Yours respectfully,
G. Van Antwerp & Son.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

The First National Bank opened business yesterday in temporary quarters, Brown House building, corner West Main and Mechanic streets. Workmen have already begun remodeling the room just vacated, which will be equipped with an up-to-date plate glass front and other fixtures. It will require about two months to complete this work.

Notice is given in The Gainesville Elevator of intention to apply for tax deed to Lot 2, Section 25, Tp. 8, R. 18—80 acres, being assessed at date of issuance of such certificate in the name of T. C. Hunter. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 1st day of January, A. D. 1906.

Friends of Arthur B. Chitty, who has been quite sick for the past few days at the home of his parents, Mr. and Mrs. E. C. Chitty, Micanopy, will be gratified to learn that his condition is improved. Although yet quite ill, the physicians express the belief that he is out of danger, and the probability is he will have recovered in a few days.

Wm. Hogan and John P. Entenza of Waldo were in the city Thursday night for the purpose of "riding the goat" in the Benevolent and Protective Order of Elks, which they did to the satisfaction of themselves and the members of Gainesville Lodge. Mr. Hogan is the efficient agent of the Seaboard Air Line at Waldo.

Rev. Mr. Patton and family, comprising wife and five children, together with family servants, expect to arrive in this city from their home in Virginia within the next few days, and will spend the winter here. It is understood that Mr. Patton has secured quarters at the Brown House Annex, East Main street, N.

Mr. and Mrs. Edwards of Michigan have arrived in the city, and will remain here for several days. They are looking for a desirable home in Florida, and state that Gainesville had been recommended to them as being the best interior city in the State. They may decide to locate permanently, and if so may feel assured of a warm welcome.
